# ABOUT THE COMPANY

Al Ameer Uniforms / ريمال ابيزا is a UAE-based garments manufacturing business active in the Middle East within the space of corporate uniforms, catering to the customized clothing demands of almost all sectors in the market. Our elite client profile includes 5 Star Hotels, Luxury Resorts & Spa, Cruise Liners, Airlines, Schools, Hospitals and Corporates within the UAE and overseas.

Having setup an advanced production infrastructure and a marketing office spread across 4500 Sq.Ft. at Sharjah in 2019, to professionally engage in sourcing, designing and delivery of the finest garments, we have scaled up to win the trust of 300+ clients!

"Al Ameer" in Arabic/ Persian language means "the commander", or "the prince". In the corporate uniforms industry, an organization cannot become "Al Ameer" just because it produces the finest quality of clothing line. It also demands unmatched service-centric mindset to become "Al Ameer". We are not just one of those "Ameers", we are Al Ameer Uniforms!

Our company stitched the world's longest national flag lifted by 5000+ people of 58 nationalities at Dubai Police Academy in 2019! The event won two Guinness World Records - 'most people carrying a banner' and 'most nationalities carrying a banner'. Our workforce took 208 hours to stitch over a total period of 25 days!

Be it workwear, schoolwear or teamwear,  
We deliver customized premium clothing across the MENA region!

4 Years

300+ Clients

40+ Premium brands

4500+ Sq.Ft in-house  
production facility

# THE WHY

- Right from the sampling to the delivery of the corporate uniforms and workwear clothing, we ensure **a series of quality checks** to maintain the organization's reputation, and the trust of our clients.
- We have employed of **30+ highly skilled key workforces** in both technical and creative departments.
- We have deployed latest technologies for the production. Advanced automatic embroidery **textile machinery from leading brands** like Dynamic, and Oubari Group, and industrial sewing machines from JUKI and JACK are the strength of our infrastructure.
- Outside the UAE, we offer **delivery service to major Middle Eastern countries** like Saudi Arabia, Kuwait, Qatar, Bahrain, and Oman, and a couple of **African countries**.
- We have **experience of working with large corporate companies as well as growing startups**. Our sales & marketing talents verily understands the strengths, limitations, demands and expectations of all market caps, and are trained to deal with all clients in a professional fashion.
- We have **a startup friendly payment terms and corporate level quality standards**.
- **80% client retention rate** is something we are proud of! Long term client relationships wherein we fulfill the repeated orders for consecutive years are something which both our Management and Marketing Team enjoy and cherish.

# THE PROCESS

**Designing the Pattern** | With the tech-enabled graphic interface at our facility, our client Manager helps the client decide and finalize the uniform design based on the brief of the requirement. Design customization at this stage has creativity and functionality at play.

**Cutting** | Skilled talents refer to the client approved design to cut the fabric based on the order quantity and size. Numbering on the cut panels avoids the shading and mixing of the sizes.

**Stitching** | Trained workforce engages in the stitching process based on the quantity and timeframe targets set by the Production Supervisor/ Operations Manager.

**Finishing** | Representatives at Q/VQC department ensures the quality of the thread cutting and furthers the garments to the next stage.

**Pressing & Packing** | The quality assured garments are steam pressed ahead of transferring them to the packaging department, wherein tagging and packing is done.

**Pre-Delivery Inspection** | A supervisor/ managerial level inspection is done to ensure the quality of sizing, designing and embroidery, and embellishments. Matching the final product with the client approved samples ahead of delivery is carried out religiously at this stage.

**Dispatch and Delivery** | The dispatch and delivery of the order is handed over to our network of logistics providers who will ensure timely delivery of the order at the doorstep of our client along with the Invoice, LPO, and the Delivery Order.
